Gauldal Energi – information about electricity

Your electricity supply is divided into two categories: energy and grid rent. You are free to choose who will supply your energy, but you must pay grid rent to your local provider.

Gauldal Energi is a nation-wide energy provider, and we are pleased to offer you the following products:

 spotkraft	Spot price	Follows our purchase price in the wholesale electricity spot market. Price fluctuates with the seasons.
 garantikraft	Spot price with cap	Follows our purchase price in the wholesale electricity spot market, but protects against high costs. « <i>The best of two worlds</i> »
 fastkraft	Fixed price	Get a fixed price per kWh for the contract period. You don't have to pay attention to market fluctuations.

In addition, you must pay grid rent to your local grid company.

Do you live in the Municipalities of Midtre Gauldal or Holtålen?

- Get everything on one bill if you choose Gauldal Energi as your energy provider
- Get an accurate monthly bill, based on your energy consumption and meter reading
- Get the benefit of local customer service
- Do you need broadband? Contact Gauldal IKT, tel. 72 43 80 40
